

Applied Compositional Thinking for Engineers (ACT4E)

Session 3b

Questions & Answers

General Q: Will the definitions be given in the exam? There are lots of lots of definitions in this course.

A: Yes, it's not a memory class.

Q: What are x and y ?

A: See live explanation

Q: Why is gamma the same ? (same map for f , g and $f;g$)

More elaborate: You took the same map into X, Y and Z. My question is, what is the guarantee that the same map applies to f , g and $f;g$?

A: See live explanation

Q: Is there any sample exam ?

A: Yes, there will be one at the end of the course
